

mega 190

coach access
lift solutions

190mm overall

The latest innovation in the UK's leading coach access solution from PLS.

- Now 190mm cassette depth 30mm thinner than previous!
- Split roll-off ramp which is slimmer and 'self adjusts' to uneven ground.
- Simple mechanical bridging-plate mechanism.
- New 'bearing cylinders' for smoother operation.
- Incorporates hose protectors.
- Super slim box lock.
- Refreshed design.

The **Mega 190** design can be easily modified to provide bespoke products to solve your accessibility requirements.

Optional cassette cover available!

Wheelchair access to executive & luxury coaches

Mega 190

- Maximum loading height 2.3 metres
- Platform length available 1.4 to 2 metres
- Platform width available - 825mm and 925mm
- Fits unobtrusively into top or bottom of luggage area.

A range of executive and touring coach lifts with ground to coach deck heights of up to 2300mm.

Price includes extending handrails.

Mega Lift provides access for the mobility impaired to long distance touring coaches opening the possibility of more extensive travel than was previously available.

Generally mounted within the upper area of the luggage compartment an installation which enables retrospective fitting ensuring protection from the corrosive effects of road dirt, salt and spray.

The lift is fully PSVAR, DDA and Directive 2001/85/EC compliant!

Mega coach lift

We also manufacture the NX & GNX products which are fully automatic Coach lifts. Platform sizes are minimum 805mm wide and 1200 to 1750mm long, ensuring the lift meets all current legislations applicable. All versions of our cassette lifts can be mounted in step-well or luggage area applications.

Advantages:

- Cost effective lift price
- Simple / reliable operation
- No chassis modifications required
- Can be fitted at your premises in minimum time
- Total mounting flexibility
